THE subscriber has just completed the inven-

Brownell's Cooking Range has six eight inch  
boilers, any two, or four of which, can be thrown  
into one, so as to admit of a large boiler; and it  
is provided with a set of rings so that any size  
furniture can be used on it. Its Oven is large,  
convenient of access, and having an upward  
draft, it bakes evenly with a small quantity of  
fuel.

One of these Ranges is in successful operation  
at the store of the subscriber, subject to the exami-  
nation of the public, who are invited to call and

THE NEGRO CAPTAIN WHO GOT BEHIND  
THE WAGONS.—During Col. Doniphan's  
march from El Paso to Coluhunha, the  
black servants of the different officers of the  
regiment formed themselves into a company.  
There were twelve of them, of which num-  
ber eleven were officers and one high pri-  
vate. Jo—, servant to Lieut. D—, was  
elected captain. He was the blackest  
of the crowd, and sported a large black fea-  
ther with a small black hat—also a large  
sabre with an intensely bright brass hilt—  
which same sabre was eternally getting in-  
volved in the intricate windings of his bow  
legs. With Jo for captain, they were a for-  
midable body, and to hear them talk, they  
would work wonders! During the battle  
of Sacramento, however, the company were  
not to be seen, but after the action was over  
they were espied breaking out from the  
wagons and joining in the pursuit. That  
evening one of our officers attacked Jo about  
his company.

"Well, Jo, I hear your men were hid be-  
hind the wagons, during the fight!"

"Lieutenant, I be berry sorry to say it am  
de truf; I done everything—I call'd on de  
paterin ob de men—I enjoked dem by all  
dey hold most deah in dis world an de nex  
but it was no go; dey would get on de  
wrong side ob de wagons."

"And what did you do there?"

"I stood dar gittin' cooler, and de firing  
kept gittin' hotter, and at last de cannon  
balls cum so ormighty faze, I thought de  
best ting dis nigga could do, war to git be-  
hind de waggons heels."

The following is the valedictory of G  
W. Brady Esq., editor of a paper in Cin-  
cinnati:

"Ten years ago, by some unaccountable  
freak of fortune, we became connected with  
the Daily Press. During that time we  
have followed the business of editing in va-  
rious shapes; under various circumstances  
in various climes, and among various sorts of  
people. It is not within our recollection  
that we have made any very great fortune  
at the business, and having waited long  
enough for a change in the tide, have final-  
ly concluded to turn our attention to other  
occupations. With many thanks for the  
kindness and partiality of a host of friends,  
we here throw the scissors out of the win-  
dow, make a tooth pick of the quill, and re-  
main the public's Very humble servant.

PENALTY FOR MAKING PL.—Two young  
printers in Buffalo, employed on the Re-  
public newspaper, lately entered the office,  
on Sunday afternoon, and doubtless while  
laboring under a little unwholesome excite-  
ment, and by way of a frolic or joke, threw  
upon the floor three pages and a half of  
type, consisting of advertisements and other  
matters prepared for publication—and thus  
converting it into a heterogeneous mass,  
known to printers as pi. For this piece of  
practical wit, these young blades were sen-  
tenced to be each imprisoned for three  
months and pay a fine of ten dollars.

PEACH PICKLES.—One of the most deli-  
cious pickles ever tasted is made from ripe  
Clingstone Peaches. Take one gallon good  
vinegar, and add to it four pounds of brown  
sugar; boil this a few minutes, and skim  
off any scum that may rise; then take  
clingstone peaches that are fully ripe, rub  
them with a flannel cloth to remove the down  
upon them, and stick three or four cloves in  
each; put them into a glass or earthen ves-  
sel, and pour the liquor upon them boiling  
hot. Cover them up and let them stand in  
a cool place for a week or ten days, then  
pour off the liquor and boil it as before; af-  
ter which, return it boiling to the peaches,  
which should be carefully covered up and  
stored away for future use.

The Albany Knickerbocker says the  
travel on the Hudson river is nearly double  
this season, so far to what it has ever  
been before. Six boats leave there every  
day for New York direct, and six arrive  
from the same place every day. The av-  
erage at least, up and down, to every boat,  
is not one short of 400 souls. This makes  
about 4600 passengers who daily pass be-  
tween Albany and New York, not to speak  
of thousands of way passengers.

A Mr. Cooper was lately married to  
Miss Stares, in Philadelphia. A genera-  
tion of Barrels is expected.

Mrs. Farwell, of Cambridge Mass., recently  
deceased, left her entire property, some \$30,000 to  
the Baptist Board of Missions, and the Newton  
Theological Seminary. It is stated that Mrs. Far-  
well, with her husband, the late Deacon Farwell,  
gave for benevolent objects during their lives equal  
to \$100,000.

"How is your family, sir?"  
"All pretty well excepting my wife, who is late-  
ly complaining."  
"Indeed what is her complaint?"  
"Why she complains that she don't get half the  
bed, though she has more than three quarters of  
it to herself."

That was not a bad retort which was made  
to a braggadocio who was boasting that every gen-  
eration grew wiser than its predecessor. "Not,"  
said he, my father knew more than my grandfath-  
er and I am certain I know more than my father."  
"Then," replied a waggyish bystander, your  
grandfather must have been a d—d fool!"

MONDAY, SEPTEMBER, 13. 1847.

BY O. F. JACKSON, 97-THAMES ST.

[Correspondence of the News.]

ALBANY, Sept. 9, 1847.

FRIEND JACKSON:—You may be surprised at my writing you from the ancient city of the Knickerbockers, but I was unexpectedly called here upon business of importance, and having a few leisure moments on my hands, I do not know how I can better employ them than by writing you a few lines.

After much difficulty, I made my way on board the steamer Roger Williams, the runners of the old line seizing upon every one they saw making their way towards the Roger, pulling and hauling them about as if they cost nothing. It is with the greatest difficulty you can get clear of them.

The Roger Williams is known in our waters as one of the finest boats about, and is commanded by one of the most gentlemanly Captains on the river. Capt. De Groot is too well known for me to attempt to say anything in his praise. If you wish to know him, come on and take a trip in his boat, and if you regret it on your arrival at Albany, why, you can easily find some other conveyance back.

The spirit of competition runs high at this time. The opposition are running the monopoly line hard, and all means are resorted to by the latter to drive them from the river. Runners are employed who do not hesitate to tell the most outrageous falsehoods, about the opposition. I was much amused this morning at witnessing a scene on the wharf. A poor pedlar was making his way towards the boat, when the runners saw him, and he was immediately surrounded. A Niagara man went up to him, and hailed him with "Halloo, Mister, have a ticket to Albany? only one shilling—a first rate captain and a crack boat." "Yes," says a Roger Williams man, "she cracked so hard 'other day, she burst her boiler, and blew two of her firemen overboard into eternity. You had better go in the Roger—she will charge you fifty cents, but then you go in a good boat and a safe one." "Oh, very safe," says Niagara, "with her boilers down cellar; if they should burst they would blow you to pieces in less than no time—she would send you sky high." "Just what I want," says the pedlar, "and if she only does it decently, I shall be satisfied;" and away he goes to the Roger.

A hack comes along with four inside, a Roger man on one side and a Niagara man on the other. "Tickets only one shilling," says Niagara. "That's more than they're worth," says Roger. "You surely wouldn't attempt to get decent people to go in such a rickety old tub as the Niagara, where they will have to mix with emigrants just landed from ships and place them in danger of catching the ship fever, to say nothing of the prospect of being blown up, and sent to the bottom in five minutes. Sir, if you want to go comfortably and in a good boat, take the Roger Williams; she will sell you tickets for fifty cents, and you will have good treatment and good accommodations." "But," says the traveller, "where are your tickets? why don't you sell your tickets as low as the Niagara?" "Because," says Roger, "Capt. De Groot seizes the business of peddling tickets in the streets; the Roger speaks for herself, and if you go in her you will never regret it." "Well, my friend," says the traveller, "you talk fair—I guess I shall go in the Roger." Niagara offers four tickets for one shilling, but it is of no use; the gentleman goes in the Roger, and Niagara, seeing four emigrants, finds consolation in selling them tickets for six cents apiece. Such is opposition on the North River. The Roger Williams appears to be a favorite, especially with the ladies. They call her *pet names*, and declare she must be hauled off this winter, and run up and down Broadway for their accommodation.

The terms grand, glorious and magnificent have been so often applied in expressing admiration of the scenery along the Hudson, that I deem it useless to say anything about it; these words are worn out, and our language does not furnish any others of sufficient expression. To attempt a description, would be to tell an "old told tale."

But here we are in Albany, and it is not 3 o'clock yet. I had hardly realized that I had left N. York. We came in side and side with the Niagara, and have made four more lands than she has. The passengers appeared to be well pleased and happy.

Albany is a queer kind of a place. It is remarkable for its antiquity, and noted for the number of great men who date the commencement of a prosperous and distinguished career from the time they commenced fighting their way through life, in this city. It is remarkable also for the influence of the political cliques who assemble here, composed of both parties, and who exercise an immense influence upon the destinies of the country.

It would prove an interesting visit for a stranger to come here, and very attractive. The State House is a noble building, and richly worth a visit; it contains many works of history and the fine arts, and in it are deposited the archives of the State. I think I hear you say, "For the love of Heaven, stop!" so I must bring this to a close with the promise that, if it is interesting, I will write you again before I leave, which will be soon. I do not like the place as well as others I have been in.

Yours ever, RAMBLER.

Will the publisher of the *Union Magazine* please send us a copy of No. 3?—Ours was taken from our desk without our knowledge or consent, but we afterwards found out who took it, and found that somebody had stolen it from him. All this speaks well for the popularity of the Magazine, and perhaps may secure a dozen subscribers for it these borrowers want to get the conclusion of some very interesting stories commenced in the last number they must subscribe for it, for we shall not lend them ours. We can't spare it, and if we could, we do not approve of the system of borrowing newspapers and magazines, when they can be obtained so cheap.

The Artillery Company did not have their target shoot on Friday last the Anniversary of the battle of Lake Erie, as usual on account of the rain, but will probably have it to-day. A silver cup is to be awarded to the best marksman.

The steamer *Argo* was announced to make an excursion from Warren to Newport, on Saturday, but postponed it on account of the weather we suppose.

The weather for a few days past has been very disagreeable—just the kind to give a man the blues. The ladies—blessed creatures—are never troubled with such feelings, we suppose.

The celebration of the children of the public schools in town will take place the first fair day this week, we understand.

This is the title of a monthly journal published in New York, by Kingsly & Pierson, No. 5, Wall street, devoted to the promotion of science. SEPTEMBER 11.—Last Saturday was the anniversary of the execution of the Cenci family for the murder of the father, Francesco Cenci. They were beheaded in public, on the bridge of St. Angelo, in Rome, on Saturday, Sept. 11, 1559. As the procession left the prison one of the torchbearers was instantly killed by the fall of a vase which a prisoner knocked from the window of his cell in his eagerness to see the show. After the head of Lucrezia, the mother-in-law, had been cut off, one side of the scaffold fell, killing four of the attendants who were wiping up the blood, and wounding others. Almost all the inhabitants were abroad to behold the spectacle; several were killed by sun stroke, and, after the streets were cleared, many were found trampled to death. Beatrice, the daughter, and the instigator of the murder, was beheaded after Lucrezia, and Giacomino, the brother, was tied to the block and beaten with a hammer on the temples till life was extinct; he was then drawn and quartered. Bernardo, the youngest child, aged 15 years, though condemned with the rest, was pardoned, it appearing that he was not cognizant of the murder. He however, was forced to remain on the scaffold during the execution of his relatives. Beatrice was very beautiful, only twenty years old.

GREAT FAILURE.—The House of Prime, Ward, & Co., Wall Street, New York, have suspended payment. This is one of the heaviest firms in the city, and their liabilities are said to amount to two millions of dollars. Failures in Europe has caused this.

THE COMMISSIONING OF PRIVATEERS.—The Union notices a communication in the *Baltimore Patriot*, upon the rumor of an intention on the part of the administration to grant letters for privateering, and says: "No commission has been issued at Baltimore, or anywhere else; and the President has no intention of issuing them." As the power to grant "letters of marque and reprisal" is given by the Constitution to Congress, the President, of himself, has no power to issue "commissions for privateers."

SUICIDE OF AN ACTOR.—Mr. Thomas McCutcheon, a comedian of some celebrity, who has been performing lately at the Chatham theatre, committed suicide in his room, at the New England House, Rosevelt street, New York, on Wednesday, by swallowing laudanum. He was a single man, 35 years old.

DR. WISTAR'S BALM OF WILD CHERRY.—The extraordinary success attending the use of this medicine in cases of the lungs, and the many singular cures it has effected, having naturally attracted the attention of many physicians, as well as the whole fraternity of quacks, various conjectures as to its nature have arisen respecting its composition, some physicians have supposed it to contain iodine, other ignorant pretenders say it must contain mercury, and to some such substance they each attribute its singular efficacy. As such opinions are altogether erroneous, and calculated to prejudice many persons against it, we pledge our honor that it contains nothing of this kind, or any thing the least injurious; on the contrary, it is composed of the most simple substances, the principal of which are the extracts of tar and wild cherry bark, and the whole secret of its efficacy consists in the mode by which they are prepared.

None genuine, unless signed I. BUTTS on the wrapper.

PROCRISTIANISM IS THE THEF OF TIME.—Delay is dangerous—neglect that Gold and Cough a few weeks and the hope of recovery will be lost to you forever. Let not pecuniary consideration deter you from trying to save your life and health, while there is a chance. Consumption is annually sweeping off thousands to the tomb; no disease has baffled the skill of Physicians like it; no Physician, perhaps, has done more for this large class of suffering humanity, than Dr. Wistar. An ounce of preventative is worth a pound of cure, therefore before your lungs become ulcerated, and so diseased that no human means can save you from an early grave, try in season, try at once, a medicine which has been of such infinite value to thousands—obtain a bottle of Dr. Wistar's Balm of Wild Cherry, take it, get another, if necessary, persevere in using it, until you have removed the disease entirely, which if neglected will terminate your life. Be not deceived by quacks, with their imitations and counterfeits; buy none but the genuine and original, which is signed I. BUTTS on the wrapper.

Radway's Chinese Medicated Soap is superior to all imported French, Berlin, and other Soaps. Tan, sunburn, pimples, blotches, pustules, ring-worm, salt rheum, erysipelas, rash, scurfy, the bites and stings of mosquitoes, rough and discolored skin, pale and sickly complexion all yields to the curative propensities and beneficial influence of this valuable and delicious emollient. In fact, be the complexion ever so disfigured, or the skin discolored or diseased, Radway's truly excellent medicated soap never fails in rendering the skin soft, smooth, fair, sweet, clear and healthy. Many persons suffer great annoyance during the summer season from the troublesome insects mosquitoes. Those persons, subject to these annoyances, by applying Radway's soap to such parts of the cuticle as is bitten, it will instantly alleviate the pain, subdue the irritation and instantly remove every vestige of blemish. For general toilet soap it is unequalled, it proves an agreeable perfume, and is entirely free from all poisonous admixtures, or irritating ingredients. It is much cheaper than any other medicated soap, and is acknowledged by thousands to be superior to all others ever offered to the public. No Chinese Medicated Soap is genuine unless signed, R. G. Radway. Be sure to ask for Radway's Soap, and take no other. Sold for 12½ cents per cake, by Dr. R. J. Taylor.

[Extract of a letter from Dr. Williams of Vt.]

Gentleman—I will thank you to send me two dozen more of your Sarsaparilla and Tonic Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A. Boyden, Esq. of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect.

## MADAME DE BONNEVILLE'S

Office hours for consultations for the treatment of DISEASES BY MAGNETISM, AND HYDROPATHY, from 12 o'clock to 2 o'clock p. m., at Union Hall, near of the Universalist Church, Westminster st. At PROFESSOR DE BONNEVILLE'S, at 8 o'clock a. m. June 16, 3 m.

Another life saved by the use of Dr. Wistar's Balm of wild cherry. The following certificate is from the wife of Mr. Enoch Perry, a very respectable farmer in Oxford County, Maine, and can be relied upon as true in every particular. It was not solicited, but given by the lady, from a sense of duty, feeling that she owed the preservation of her life to Dr. Wistar's Balm of Wild Cherry.

Runford, Oxford County, Me., July 22, 1845. This may certify that I have for a number of years been severely afflicted with the asthma. In October, 1843, I took a violent cold, which produced a very severe cough, which was accompanied with severe pains in my side, and I sweat profusely nights. These bad symptoms continued, until I was so much reduced that I was unable to do any work about house, or even walk across the room without assistance. In July, 1844, I was so afflicted with shortness of breath, such great difficulty in breathing, and in such severe pain, that I was unable to lie in bed or sleep for three weeks. One physician who attended me and another who was consulted, both gave me up to die—said they

could do no more for me. My friends despaired of my life. I had no hope of myself. I then commenced taking Dr. Wistar's Balm of Wild Cherry. Before I had taken one bottle, I was able to walk about the house. I continued to take it until I had taken four bottles, and now I AM WELL, free from pain, little or no cough, do my work, keep no help, and have not enjoyed better health for fifteen years.

Signed, RELIANCE PERRY. None genuine, unless signed I. BUTTS on the wrapper.

The large sale of Brown's Sarsaparilla and Tonic Bitters, is another proof of its efficacy. It is now about three years since it was first offered to the public, although it has been used by one of the most distinguished physicians for many years in private practice, since which the sale has steadily increased, and it has been sent for from all parts of the country, where it was never advertised, recommended by persons that have used it. It has been shipped to foreign ports, and found a ready sale; that alone would seem to be proof of its utility.

How many medicines there are advertised never sell, and soon go down, and are forgotten. How different it is with this! It finds a ready sale where it has never been advertised, and the sale continues to increase in all places as it comes known.

For sale by R. J. TAYLOR.

From the *Boston Daily Whig*, of Feb. 12, 1846. HYPERION FLUID.—Those who wish for a valuable preparation for the hair, are referred to Bogle's advertisement in another column. Hyperion Fluid, it is supposed, will soon supersede most fluids now in use for the hair, and is a very superior quality.

Boston, Dec. 10, 1846. This may certify that I have used Pott's Lotion, (as prepared by Messrs. Ames and Co. for Scalds, Burns, Bruises, &c., and am happy to say that I believe it is all it purports to be.

This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

**The great and only Successful Remedy for the cure of Consumption.**  
IS Dr. E. W. Vandersmith's INDIAN COUGH BALM and LUNG BALM.

**DISCISE OF THE LUNGS AND THROAT CURED.**  
White Plains, April 20, 1847.  
This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar cautery applied to my throat twice a week, but received no benefit. I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willott, whose lungs had been affected for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V. and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow frothy matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine. I am confident it will cure you. Your sincere friend,  
EDWARD C. THOMPSON.  
Sworn before me this 21st day of April, 1847.  
A. H. MICKLE, Mayor of the City of N. Y.  
Information of the Lungs.

New York, June 10, 1847.  
Dr. Vandersmith—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing fits, that I thought it was impossible for me to live unless I could get relief. The excessive night sweats had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost insupportable. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balm. I consented, when I used it about one week, my cough decreased, the excessive night sweats gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend,  
JAMES B. HUNTERSON.

**Hyor's Pills.**  
The American Improved Hygienic Vegetable Medicine.  
SAFE, CHEAP AND EFFECTIVE.  
This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple aid to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, wholly upon its own merits, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has necessarily compelled greater attention to its business, and agencies are now being established throughout the country.  
A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial, for the proof, after all, must be in the use of it. Try it, then. Ready, try, and then judge.  
General depot 140 Fulton-st. 2d floor, N. York between Nassau and Broadway.  
P. PRICE, Sole Proprietor.  
Sold by Riney, Confectioner, 67 Thayer-st., Newport; and J. H. TAYLOR, Druggist 58 North Main-st., Providence, R. I.  
A pamphlet setting forth its uses and containing valuable testimonials, may be had gratuitously at the general depot, and of agents. Procure and read it.

**Bogle's Hyperion Fluid; Or Vegetable Hair Composition.**  
THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.  
The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture, never before attained, yet free of animal grease or essential oils. It cleanses the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing baldness and grey hair.  
It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, dispenses the hair to curl, and changes the hardest hair into the most soft, glossy, and healthy state, also imports to the darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.  
Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair.  
Manufactured and for sale by WM. BOGLE, 228 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR.  
A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by WM. BOGLE, accompanies each bottle.

**TO THE AFFLICTED.**  
**DR. BANNING'S PATENT LACE**  
An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the Heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.  
THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griseom of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:  
Middletown, June 25th, 1843.

Dr. Boardman,  
Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1846, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit.  
Yours, &c. WM. RANNEY.  
Dr. G. M. Boardman,  
Middletown, June 25, 1843.

Dr. Boardman,  
Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument.  
aug. 29th.

Dr. Boardman,  
Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different support for two years, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher.

**MR. ABRAHAM VANDERBEEK**, of 98 Avenue D, New York, certifies that his head was entirely bald on the top, and by the use of two 3s. bottles of Jones' Coral Hair Restorative, he has a good crop of hair, and will soon have it long and thick.  
Mr. William Jackson, of 80 Liberty street, Pittsburgh, Pa., certifies: On the 3d of February, 1847, that Mr. Thomas Jackson's head, on the top, was entirely bald for 15 years, and that by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast and thick, and will soon be entirely restored.  
Gray Heads! Gray Heads! Read—I hereby certify that my hair was turning gray, and that since I have used Jones' Coral Hair Restorative, it has entirely ceased falling—is growing fast, and has a fine dark look. Before I used Jones' Coral Hair Restorative, I counted out handfuls of hair daily.  
WM. TOMPKINS, 92 King-st., N. Y.

Mr. Power, a grocer of Fulton-st., had his hair choked up with dandruff, and Jones' Hair Restorative entirely cured it.

**TO THE LADIES IN PARTICULAR.**  
MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.  
This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. For sale wholesale and retail at

**MOTHER'S RELIEF.**  
IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your respect and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still allude and nervous affection. It soothes and checks all irritation and by its peculiar properties it destroys the cause of her pain or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.  
As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

**CAUTION TO PURCHASERS.**—Ask for Karmack's Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a fac simile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

**Miracle.**  
ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white-headed President, his head bare, his arms outstretched, his face radiant with smiles (for science was triumphant,) and his voice with gratulatory tone, delivered the following report:  
"We are astonished at this singular preparation. Where indeed will science stop? Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the far West are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)  
There are probably few persons of intelligence, who, after reading the above, will doubt the quality of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blisters, Salt Rheum, Scurf, Erysipelas, Sore Heads, Old Sores, Boils, and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave, Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.  
James Eltham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.  
Persons in purchasing this must always ask for Jones' Italian Chemical Soap, and perhaps as many who have been cheated with counterfeits, will be too much discouraged to try the genuine. We say to such, try this once—you will not regret it. Forwards of the following certificates:
